There are quite a few format options available with the videos that will be downloaded Still users feel that there needs to be more formats than just the available ones on Tubulator.

- 1. <u>voutube videos</u>
- 2. <u>voutube</u>
- 3. <u>voutube vanced</u>

The only real limitations here is that the free version of this YouTube Downloader is not optimized for multi-core processors so the conversion speeds are not spectacular and you do not have multiple videos at the same time download.. Dont want to be moved albeit for us 99 45 AU 12 75 for a lifetime license for 10 Macs its hardly a big cost.. The disadvantage of Winx is that it doesnt support multi-stream downloads and cant save subtitles at the same time.. You can estimate the difficulty of translation and the current progress at Transifex.
